Female Instruction.—The Khási and Jaintia Hills is the only District of Assam, and one of the very few throughout all India, in which female instruction can be said to exist. During 1893-94 the number of girls attending the schools increased from 1,171 to 1,562, or by more than 30 per cent., showing 4·3 girls at school to every thousand of the female population, as opposed to 3 in the Province generally. Of this number 114 were taught by Mrs. Hugh Roberts of Cherra Pinji, and 78 by Mrs. John Roberts of Shella. During the year five of the girls were sent out as teachers, of whom one was placed in charge of the Shillong girls' school, which has 29 pupils.

Normal Schools.—According to the classification adopted by the Education Department, the institution at Cherra Pinji, under the management of the Rev. Hugh Roberts, is described as partly "Government normal" and partly "aided English." In 1893-94 the number of pupils on the rolls was 93, and the average attendance 70. There is a class of 10 girls, and of the 18 teachers turned out during the year, 5 were girls. The total cost was Rs. 912-6-6, almost the whole being paid by Government. The average cost of each pupil was Rs. 10-3-3, or £1-0, 19s., of which Rs. 10-1-11 represents the share of Government. The following paragraph, quoted from Mr. Roberts' Report, illustrates what the missionaries have effected, and also the difficulties with which they have to contend:—"Cases have been brought to my notice during the past year
